## Our Learning Environment

A Place to Grow offers a nature-based learning environment in a warm, loving, and community-focused atmosphere. North Salem Village offers a quiet atmosphere perfect for children who prefer smaller and more personal environment. The playground is fully fenced in and has trees, and a swing set for playing. The quiet location offers opportunities to interact with local businesses like yoga, animal care, and a pizza shop.

Curriculum and learning opportunities are designed to meet NH Early Learning Guidelines and guide the daily activities throughout the center.

**"Very personable with the kids!"**

**"Really listens to them and understands their needs."**

**"This daycare rocks because of you!"**

## Meet Ms. Destiny

Destiny Carter, along with her husband, son, cats and foster bunnies, welcome you to A Place to Grow at North Salem Village, a licensed child care center. Destiny has a Bachelor's degree in Early Childhood and Health and Human Services. She has years of work experience with infants through school age kids. Becoming a mother helped to crystalize her desire to start her own childcare so she could be home to raise her family. Destiny is excited to start this next chapter of her life and looks forward to welcoming new families that desire a safe and fun learning environment for their children. Destiny and her husband foster animals and want to help as many animals as they can. The family loves being outside any way they can, especially for walks in the woods and swimming in the summer.
